A 10-year old nanny goat tethered on the lawn at the county court house on Wall street attracted attention of passers-by yesterday and today. It remained for County Treasurer Jay W. Rifkenbary, county chairman of the Ulster County Cancer drive, to explain the presence of the goat.

Presently it is Mr. Rifkenbary's goat but someone else is going to get it and at the same time assist the cancer drive fund.

Mrs. August Belz of Box 36, Bloomington, raiser of pedigreed goats, desired to make a contribution to the American Cancer Society fund but was unable to contribute any substantial sum of money so she donated one of her pedigreed goats to the cause. The goat was delivered to Mr. Rifkenbary Monday and tethered in the court house lawn where Janitor Tony Alecca, who assured Mr. Rifkenbary he was a goat expert, took charge of the goat and with the assistance of Miss Eleanor Young, an employee in the county treasurer's office, took over the responsibility of feeding the goat. Miss Young produced a nursing bottle and milk and at last report "Tony" was to provide the tin cans.

Twice yesterday the goat broke loose and was recovered, once by Miss Young and the second time by Deputy County Treasurer Luther Dunsberger and Miss Young after a spirited chase through the uptown business area.

Ultimately the goat will become the property of some contributor to the Cancer fund. Mr. Rifkenbary has secured the aid of the following Field Army lieutenants who are part of the local American Cancer Society to be present at the court house lawn and accept contributions for the fund and later the goat will be presented to one of the contributors.

Those who will accept contributions to the fund are: Lieutenants: Mrs. Raymond H. Woodward, Mrs. William S. Ashdown, Mrs. N. B. Gross, Mrs. Chester Bliss, Mrs. Allen A. Gas Is Believed Cause of
Explosion Near
Pittsburgh

Pittsburgh, April 29 (AP)—A heavy blast destroyed a home and shook the whole of nearby Mt. Pleasant township at 5 a. m. today, shattering windows and bringing hundreds of persons to the scene. No one was reported injured, however.

The home of Mr. and Mrs. Lawrence Wunderlich was leveled by the explosion which apparently was caused by gas.

The couple, however, fled the house wrapped in sheets a few moments before the blast.

The force of the explosion was so great that it was felt in downtown Pittsburgh five miles away.

The Wunderlich couple was believed to have detected the odor of gas and fled the house a scant moment before the house was destroyed. Their dog was lost in the debris.

Lyon Fortune Is
Stake in Will Trial

New York, April 29 (AP)—A \$500,000 fortune left to Father Divine's Missions by Mrs. Mary Sheldon Lyon when she died at 85 last Oct. 10 is the stake in a will contest case in Surrogate's Court.

Hearings opened yesterday in the contest suit filed on behalf of Dr. William Hills Sheldon, a brother who was left \$500 by Mrs. Lyon, and four cousins, each left \$100.

Firm witnesses were Ole Bentsen, janitor, and Thomas Hopwood, superintendent of Mrs. Lyon's apartment, who witnessed the will. The latter described her as "a sick old woman, weak in her movements and bent with age."

Guilty on Counts

Former Union Leader Now
in Prison Indicted for
Income Fraud

New York, April 29 (AP)—James Bove, former union leader now serving a prison sentence of from 10 to 20 years, may plead guilty to two indictments alleging income tax evasion, his attorney, Moses Polakoff, said today in Federal Court.

"After conferring with Bove, this case might be disposed of without a trial," Polakoff told Federal Judge William Bondy. The court adjourned the scheduled trial until May 5, when the defense attorney stated that he wanted to discuss the case with his client, who was brought here today from the state prison at Auburn, N. Y., on a writ.

Judge Bondy continued the writ until May 5 so that Bove will not be returned to Auburn, pending the outcome of the case.

The federal indictments charged that Bove filed fraudulent income tax returns for the years 1939-41 inclusive. His total salary during those years, the indictments alleged, was \$12,605; his total income, \$233,003.29, and his reported taxable income, \$39,003.29.

Bove was sentenced in April 1945, to from eight and a half to 18 years, with Joseph S. Fay, Newark, N. J., labor leader, for conspiring to extort \$703,000 from contractors working on the New York City-Delaware water project.

In July, 1945, Bove was sentenced to from 10 to 20 years for forgery and theft of \$64,475 from Local 60, International Hod Carriers Union (A.F.L.), of which he was an international vice-president. The sentences against Bove are being served concurrently.

An appeal from the conspiracy conviction is now pending before the United States Supreme Court.

Counts Are Dismissed

New York, April 29 (AP)—Kings County Judge Samuel S. Leibowitz today dismissed 20 of 77 counts in an indictment charging Irving (Izzy the Eel) Cohen with grand larceny in the alleged \$750,000 swindle of the Mergenthaler Linotype Co. He approved a motion which cleared Cohen of complicity in the handling of checks drawn on the fictitious firm of Weber and Scherr. A motion to dismiss the indictment against Julius Lobel, alias Jimmy Collins, was denied by Judge Leibowitz.

Forrestal Says Military

Guarantee Peace

Washington, April 29 (AP)—President Truman told the U. S. Chamber of Commerce today "a pressing task of all businessmen is to reduce prices wherever possible at all levels while steadily increasing production."

This reiteration of Mr. Truman's repeated assertion that prices must go down if the nation is to avoid serious inflation and depression came before 2,000 delegates to the Chamber's 35th annual convention. The message was prepared for delivery by Presidential Aide John R. Steelman.

The renewal of Mr. Truman's campaign to talk businessmen into lower prices set the stage for a quick showdown with the big business and industrial organization.

Its price policy committee votes later today on a resolution of its own, expected to show the President how his plan is going over with a wide cross-section of business interests.

One of Mr. Truman's cabinet officers, Secretary of the Navy Forrestal, told the delegates earlier the best present contribution this country can make to world peace is "the maintenance of substantial military power."

Until the United Nations has a chance to reach "maturity," Forrestal said, U. S. armed force is the main hope for the world stability necessary to international commerce, "the greatest and most practical agent to civilization."

Forrestal's address was prepared for the 35th annual convention of the U. S. Chamber of Commerce.

Forrestal, like President Truman, touched on the national economy with a promise to cut expenses of the government as far as possible "without dangerously impairing the efficiency of our operating forces."

Can't Support Establishment
"We know," he said, "the United States cannot indefinitely support a military establishment costing over \$11,000,000,000 a year, 30 percent of our total budget."

He continued, this country must keep a strong army and navy because "the United Nations is still an infant" which cannot enforce world peace since "the right of veto would prevent action against one of the principal powers."

He said funds for reconstruction of Europe, even if loaned by the world bank, must originate with Americans through their investment in the bank's securities.

And Americans will invest only if they "see some reasonable chance for stability, order and confidence between nations," Forrestal said, adding:

"Maintenance of armed forces by the United States is one of the great factors, if not at the moment the greatest and most important, contributing to the hope of such stability."

Even before hearing Mr. Truman's message, Vice President Earl O. Shreve of the Chamber of Commerce indicated his belief that prices will find their own level through the workings of supply and demand, possibly involving a "recession" in business.

Hails G.O.P. Victory
He also hailed the Republican victory in the last congressional elections and took issue with the administration stand against tax cuts this year.

Shreve, who is a vice president of the General Electric Company, said in a prepared speech "we need tax cuts to stimulate investment in new enterprise, to encourage management and to ease the heavy burden on consumers."

"Lower taxes would help the country over the rough spots in event of a business slump," he said, "the best investment that can be made in national security and foresighted action to forestall depression is to encourage job-making enterprise."

Shreve said that "prices, wages and costs have risen on the great flood of money created by government wartime financing. Now supply and demand are in the throes of finding new balance, through the medium of flexible prices."

"That," he added, "always is a painful process. It calls for intelligent restraint and cooperation on the part of everybody—government, business, labor, agriculture, the consumer."

Walter Lippmann, author and commentator of world affairs, said in a foreign policy discussion that the greatest danger of war between the United States and Russia arises from "dealing with one another through satellites and puppets and weak clients—dealing through agents."

It is never certain that an agent will follow instructions," Lippmann said in his prepared address, "that he will not through

Work was started today at police headquarters on the installation of a new radio dispatching unit to replace the equipment which has been in use for more than 10 years.

The new unit, which is housed compactly in a box, as compared to the more cumbersome broadcasting equipment of the old set, will allow for better two-way communication between headquarters and the patrol cars which are also to have new receiving and dispatching units.

Both sending and receiving units are of the latest type with all modern improvements. The broadcasting unit is of ultra high frequency and will eliminate the "dead spots" often experienced in the past.

Only one-way communication was possible when radio was first used by the local police. This system was in effect for more than a year before the two-way system was added.

Chief of Police Ernest A. Boss aided in supervising the start of the work and took an active hand in preparing for the final phases of installing the unit.

A new type antennae will replace the old one on the top of the city hall and Steeplejack Joe Moore is in charge of the replacement. The antennae for the patrol cars is less than half the size of the long rods which reached out into the wind on all the cars of the past.

The old broadcasting unit took up a large portion of space in one room. The new unit, housed in a box about four feet long and no more than two feet wide, can be placed almost inconspicuously in the corner of any room.

Dispatches at headquarters are currently handled by telephone pending completion of the installation work. Chief Boss expects to have the new system in effect in about two days.

A total of \$858.50 has been collected from parking meters in all areas of the city since they were put in use two weeks ago Monday, the city treasurer's office announced today.

The second week's collection, which did not represent a full week, but took in a Friday and Saturday, the busiest days in the shopping districts, was \$417.50.

The total for the first few days of collecting after the meters were open to the public was \$269.50. This collection represented about three days use of the meters in all districts, but did not include a Friday or Saturday.

Washington Plans Greeting
For Aleman, Mexican Leader

Washington, April 29 (AP)—President Truman and members of the cabinet form the reception committee for President Miguel Aleman of Mexico on his first official visit to the United States today.

The 43-year-old chief of state of the neighbor republic is scheduled to arrive at National Airport at 4 p. m. Eastern Standard Time aboard President Truman's personal plane, "The Sacred Cow."

Aleman left Mexico City at 6:02 a. m. (8:02 a. m. Eastern Daylight Time). The national capital was set for an all-out greeting for the Mexican president, replying in kind to the big reception given Mr. Truman in Mexico last month.

The Washington Board of Trade estimated that a crowd of 250,000 persons would participate in ceremonies welcoming "Don Miguel" to the capital.

Are Lost; Two
Companies Help

A quantity of fertilizer valued at \$2000 and a large amount of farm machinery were destroyed by a fire that leveled a barn and chicken coop on the Carlton Beach property in High Falls about 4 p. m. Monday.

Fanned by a heavy wind, the fire raged for nearly two hours before it was brought under control by the High Falls Fire Department.

The fire, of unknown origin, was discovered by Mr. Beach's young son, who was playing in the yard when he noticed flames shooting from the building. The High Falls fire department was summoned and rushed to the scene with all its equipment. Several volunteers also assisted in battling the blaze.

The large barn and the three-story chicken coop were rapidly consumed in the strong wind. Fortunately, the wind direction was away from the nearby Beach residence and other buildings to prevent a more serious conflagration.

The large quantity of fertilizer had been stored in the barn only a few days ago for spring planting. Several pieces of farm machinery and equipment also were scorched and rendered useless by the fire.

At the time of the fire there was no livestock in the barn and the chickens were out of the coop. The Rosendale fire department also was summoned but the High Falls fire fighters had the blaze under control when they arrived.

Mr. Beach said the barn was partially covered by insurance but there was no insurance on the chicken coop. He said he could not estimate the total fire damage but indicated it would amount to several thousand dollars.

Enlarged in 1900
In 1900, when it was decided that an expansion was necessary, some property was purchased on the Ulster avenue and an additional yard built. The following year Mr. Simmons agreed to dissolve the partnership, leaving Richard B. Overbargh as sole owner. The firm established its reputation throughout the years under the supervision of Mr. Overbargh who died in 1926. His son, Richard F. Overbargh, who was the executor and manager of the company, agreed with the administrators, Isabel F. Overbargh and J. R. Shults, to continue the business under the same name and to be operated as the Estate of Richard B. Overbargh, original owner.

With Richard F. Overbargh in charge of active affairs, the Estate progressed steadily through the depression years and managed to weather labor troubles successfully.

In 1940 a fire completely demolished the smaller yard on Partition street, and business was discontinued there. The municipal building now occupies this site.

The company on Ulster avenue functioned during World War 2 and was once again on the up-grade profitably when Richard F. Overbargh died in April, 1947.

The surviving administrators, Richard B. Overbargh, his son, and an aunt, Isabel Overbargh, decided to sell the property. As executor of the will, Overbargh, a local attorney, transacted the sale to J. R. Shults.

Cadogan Says His Nation
Won't Spend 'Blood
and Treasure'
That Way

By MAX HARRISON
New York, April 29 (AP)—Britain declared today that she could not be expected to "expend blood and treasure single-handed" to carry out recommendations of the United Nations on the future of Palestine.

This was the reply Sir Alexander Cadogan gave when India challenged him to give assurances that Britain would abide by recommendations of the Palestine session of the United Nations Assembly.

The exchange took place shortly after the assembly's steering committee met to decide whether the extraordinary session should be broadened to include consideration of Arab demands for immediate Palestine independence.

Egypt then plunged into the controversy and demanded that the committee act on the Arab demands either before or along with the British proposal for creation of a fact-finding committee to report back on the Palestine question at the September meeting of the assembly.

Assembly President Oswaldo Aranha of Brazil ruled, however, that the British proposal should be taken up first.

Challenge Is Made
Indian Delegate Asaf Ali, taking the floor as the 14-nation steering committee began debating the assembly's agenda, challenged British Delegate Sir Alexander Cadogan to clarify Britain's position before any action was taken.

The Indian demand was backed by Andrei A. Gromyko of Russia and Mahmoud Hassan Pasha of Egypt despite a ruling by Assembly President Oswaldo Aranha of Brazil holding that the issue should not be brought up in the committee but in the Assembly itself.

Cadogan read a statement by Lord Hall in the House of Lords last week which said: "I shouldn't imagine Britain carrying out a policy which they thought wrong." Cadogan said he would amplify the British position in the next day or two in the Assembly.

All said, however, that the question asked has not been answered satisfactorily. He added: "It appears, if Lord Hall's statement is taken as Cadogan says, it does not mean that Britain will not accept the United Nations decision, but there seems a distinction. It would be a sheer waste of time to consider the British proposal if they are not going to abide by the U. N. decision. We should know the British answer before we place the item on the agenda."

British Proposal
The British proposal was that the Assembly create a special fact-finding committee to report to the regular September meeting of the assembly on the Palestine question.

Cadogan finally gave this reply: "Any recommendation or decision taken by the Assembly may have to be enforced. We can't see how we should be expected to carry out a decision single-handed, but we would be expected to expend blood and treasure single-handed."

Hassan Pasha then demanded that the committee take up immediately the Arab proposal for consideration of Palestine independence.

"I believe that the Arab proposal is more concrete than the British proposal," he said. "I ask for consideration of our proposal at the same time, if not before."

Editors Are Sentenced
New York, April 29 (AP)—Two former Pulp Magazine editors who pleaded guilty last February to second degree forgery in the theft of \$86,000 from their employers by pretending to purchase manuscripts which they later said were unusable, today were sentenced to serve two to four years in state prison. Judge Francis L. Valente in General Sessions said that Kenneth W. Hutchinson, 45, and William Matthews, 36, bore "good reputations" but were victims of an "uncontrollable desire to drink."

The two were accused of having checks issued to writers, forging the endorsements and depositing or cashing the checks.

State Department Will
Broadcast His Talk
to Russians

Washington, April 29 (AP)—The United States served notice on Russia today that this country will drive ahead with steps to help speed Europe's recovery without awaiting the big-power "compromise of exhaustion" foreseen by Premier Stalin.

Secretary of State Marshall disclosed the Soviet leader's suggestion and the American reply in a plain spoken report to the nation last night on the discussion-form Moscow foreign ministers conference.

Stalin told him at their secret Kremlin meeting two weeks ago, Marshall said, that the Big Four powers might be able to compromise in their major differences "after they had exhausted themselves in dispute."

In his delayed retort, the cabinet officer put the blame squarely on Russia for the failure of the foreign ministers to agree on a peace treaty for Europe and the rough outlines of one for Germany, and declared:

"The patient is sinking while the doctors deliberate."

I believe that action cannot await a compromise through exhaustion," Marshall went on. "Whatever action is possible to meet these pressing problems must be taken without delay."

The secretary did not elaborate on the point.

However, one major action which already is being taken is the economic unification of the British and American occupation zones of Germany designed to make them self-supporting. Marshall said the invitation for Russia and France to join in the arrangement continues in force.

Mentions Indirectly
Another major American step—the \$400,000,000 program of financial and military aid for Greece and Turkey—Marshall mentioned only indirectly. The reference then was in praising Chairman Vandenberg (R-Mich.), for their bipartisan leadership in the Senate debate on the foreign aid program of importance to the American people."

The aid bill has passed the Senate but may not reach a House vote until next week.

In his first major address since he entered the cabinet in January, Marshall said guardedly that at Moscow, "possibly greater progress toward final settlement was made than is realized."

"First differences were for the first time brought into the light and now clearly defined so that future negotiations can start with a knowledge of exactly what the issues are and must be settled."

But he cautioned that the differences between Russia and the western powers are matters of vast importance to the lives of the people of Europe and to the future course of world history," and added:

"We must not compromise on great principles in order to achieve agreement for agreement's sake."

The State Department arranged to beam a Russian-language translation of Marshall's full address to the Soviet Union on the regular "Voice of America" program today.

It also will be broadcast either in full or in summary form to 24 other countries.

Vacationists

Long Beach, N. Y., April 29 (AP)—By a picketing campaign, an appeal to court, 105 veterans are trying to prevent summer residents from displacing their families in four expensive apartment houses of this island resort community.

"If you rent here, a veteran will become a displaced person," said signs carried by the picketing veterans yesterday. They met trains and stopped automobiles coming across the causeway from Long Island's south shore.

The veterans have rented the apartments, under a state lease expiring tomorrow, at O.P.A. ceilings of \$480 to \$600 a year. The ceilings are off the resort properties, and the veterans fear displacement by vacationers willing to pay \$2,000 and up for the season.

Work Stoppage Losses Are at Lowest Level

Washington, April 29 (AP)—Time lost in work stoppages during the first three months of this year was at the lowest level since the end of the war, the Bureau of Labor Statistics reported today.

Its figures showed about 290,000 workers were involved in strikes or lockouts compared with 1,650,000 in the first quarter of 1946, when big strikes shut down the steel, electrical, meat packing and automotive plants.

The bureau said about 905 stoppages were called up to April 1 this year, causing a time loss of 3,330,000 man-days. This did not include the telephone strike, which began April 7 and involves 340,000 workers.

The total of 325 new stoppages in March was a slight increase above the January and February level, but the loss of 850,000 man-days was the lowest monthly total since VJ-Day.

Japanese Trials Are Different From Those at Nuernberg

By FRANK L. WHITE
Tokyo, April 29 (AP)—The war crimes trial of 25 former leaders of Japan reached its first anniversary today with little prospect that it could be concluded before the end of 1947.

The case already is far longer than the Nazi war crimes trial at Nuernberg, but an American participant in both says there is really little basis for statistical comparison.

He is Philip Kapleau of New Haven, Conn., former chief of American court reporters at Nuernberg and now reporting the Tokyo trial.

"The case against the Japanese defendants and the physical conditions at the Tokyo trial are very different from Nuernberg," he said, adding that, without intending any disparagement of Nuernberg, he believed the Tokyo trial was being conducted in the "fairest and most accurate manner possible."

The Nuernberg trial opened with indictment of the defendants on Oct. 18, 1945, and arguments and testimony were concluded Aug. 31, 1946, for a total of 10½ months.

The Japanese defendants were indicted April 29, 1946, and this anniversary finds the defense just getting into the third of five general phases of its evidence.

May End in August
Present prospects indicate conclusion of the general defense case about Aug. 1. After that, 24 of the defendants intend to take the stand during their individual cases, and then there must be final arguments.

The only defendant to go on the stand thus far was Gen. Jiro Minami, and it took five days to examine him. At this rate, about six months will be needed for testimony of the other 24.

Translation difficulties have cut the speed of testimony in Tokyo to about half that at Nuernberg, Kapleau reported. He observed, however, that the simultaneous four-language translations at Nuernberg had not made for accuracy in preserving the record.

Not Asked to Certify
Kapleau said Nuernberg court reporters were not asked to certify the accuracy of their trans-

cripts because of frequent breakdowns in the translation system and the fact that no halts were made for corrections.

"At Tokyo," he said, "utmost care is taken by tribunal members, the prosecution, the defense, interpreters and reporters to assure exactness of the record. There are no grounds for misunderstanding."

Simultaneous translation is used at Tokyo only in reading, from lengthy written documents. Translation of oral proceedings is made sentence-by-sentence.

Another factor in the slower Tokyo pace is that 17 Japanese cabinets held office during the period covered by the indictments. It is thus necessary to show individual relationships with each government. At Nuernberg, this was unnecessary because the Nazis were in continuous power during the period covered.

Still another less tangible factor is the total absence here of public pressure for swift punishment, which observers said was a consideration at Nuernberg.

Tribunal members' expressions with regard to speeding the trial have been directed almost solely toward the Japanese. Repeatedly the court has said it has no desire to exclude any relevant material for either side.

"Eliciting the facts is more important than saving time," one member commented.

After considerable discussion, it was decided to proceed with the necessary legal steps to form a park district in the village of Port Ewen. Petitions will be prepared and circulated for the signatures of the resident taxpayers in the proposed district. Another meeting of the committee will be held Wednesday evening at the town clerk's office.

Hatched Chicks Show Gain
Albany, N. Y., April 29 (AP)—Three were 9,601,000 commercially-hatched chickens in New York during the first three months of 1947, an increase of 765,000 over the same period a year ago. The State Department of Agriculture, in a federal-state report released yesterday, said March hatchings this year were 4,988,000, up slightly from March, 1946. A decline is expected in the April figure, since nine per cent fewer eggs were in incubators as of April 1 than on the same date last year.

Taft Makes Charge Democrats Trying To Stop Tax Cut

Washington, April 29 (AP)—Senator Taft (R-Ohio), contended today that Secretary of the Treasury Snyder is refusing to revise federal income estimates for next year "for fear they may show a surplus which would justify a tax cut by a Republican Congress."

Taft predicted in a statement that taxes can be cut nearly \$4,000,000,000 a year simultaneously with a \$4,000,000,000 payment on the national debt—provided Congress holds spending \$4,000,000,000 or \$5,000,000,000 below President Truman's estimate of \$37,500,000,000 for next year.

He said the treasury estimates for the current fiscal year, made last January, have proved nearly \$4,000,000,000 wrong and that the estimates for fiscal 1948, submitted at the same time, "are evidently also wrong."

Taft asserted that Mr. Truman has opposed "every reduction in government expenditures" and every tax cut, although in Taft's opinion those two devices "will do more to relieve inequality and maintain prosperity than anything else that can be done."

"President Truman's recent remarks on prices and wages all seem directed toward preventing a tax cut by the Republican Congress although a tax cut is essential," the Republican Policy Committee chairman said in his statement issued late yesterday.

Taft contended that a tax cut would increase the purchasing power of 46,000,000 taxpayers, while the benefits of wage increases are likely to go to "only a few million workers with exceptional economic power."

"Price decreases are to be preferred to wage increases, but general tax reduction is the best method of all," he said.

Meanwhile, Rep. Doughton (D-N. C.), ranking Democrat on the House Ways and Means Committee, sought Senate support for legislation he introduced yesterday which would allow husbands and wives to split their incomes for tax purposes, effective next January 1. The effect of this often is to put the two in a lower surtax bracket, thus reducing the tax. Doughton estimated it would reduce federal revenues about \$1,000,000,000 next year.

Grass Fire Reported

Firemen were called on a grass fire alarm to Brook street at 8:16 p. m. Monday, and at 12:12 a. m. today they were called to check a rubbish fire on John street near Whalen's Drug Store.

Dewey to Get Degree

Hamilton, N. Y., April 29 (AP)—Governor Dewey will receive an honorary degree of laws from Colgate University June 14 and will address a university reunion dinner that night. President Everett Case also announced yesterday that Dr. Harry Emerson Fosdick,

pastor emeritus of Riverside, at the dinner, marking the first Church, New York city, and a Colgate general reunion since the centennial graduate, would be a speaker in 1919.

SATURDAY BANK CLOSING

To the Public:

Pursuant to the new law which permits Banks in the State of New York to close on Saturdays, our Main Banking House and Central Branch will close at 3 P. M. on Friday afternoon of each week during the months of May to September inclusive, 1947, and remain closed until the following Monday morning.

We believe that this test period of Saturday closing and the reaction to it of our patrons will demonstrate whether or not this policy should be made permanent. If we find that our customers are unduly inconvenienced thereby, we will abandon such policy. In event no such inconvenience results, Saturday closing will probably be made permanent by us.

During this test period we request our patrons to inform us how Saturday closing affects them and to frankly express to us their opinions as to whether such policy should be abandoned or continued by us.

Work Stoppage Losses Are at Lowest Level

Washington, April 29 (AP)—Time lost in work stoppages during the first three months of this year was at the lowest level since the end of the war, the Bureau of Labor Statistics reported today.

Its figures showed about 290,000 workers were involved in strikes or lockouts compared with 1,650,000 in the first quarter of 1946, when big strikes shut down the steel, electrical, meat packing and automotive plants.

The bureau said about 905 stoppages were called up to April 1 this year, causing a time loss of 3,330,000 man-days. This did not include the telephone strike, which began April 7 and involves 340,000 workers.

The total of 325 new stoppages in March was a slight increase above the January and February level, but the loss of 850,000 man-days was the lowest monthly total since V-J Day.

Japanese Trials Are Different From Those at Nuernberg

By FRANK L. WHITE

Tokyo, April 29 (AP)—The war crimes trial of 25 former leaders of Japan reached its first anniversary today with little prospect that it could be concluded before the end of 1947.

The case already is far longer than the Nazi war crimes trial at Nuernberg, but an American participant in both says there is really little basis for statistical comparison.

He is Philip Kapleau of New Haven, Conn., former chief of American court reporters at Nuernberg and now reporting the Tokyo trial.

"The case against the Japanese defendants and the physical conditions at the Tokyo trial are very different from Nuernberg," he said, adding that, without intending any disparagement of Nuernberg, he believed the Tokyo trial was being conducted in the "fair, just and most accurate manner possible."

The Nuernberg trial opened with indictment of the defendants on Oct. 18, 1945, and arguments and testimony were concluded Aug. 31, 1946, for a total of 10½ months.

The Japanese defendants were indicted April 29, 1946, and this anniversary finds the defense just getting into the third of five general phases of its evidence.

Present prospects indicate conclusion of the general defense case about Aug. 1. After that, 24 of the defendants intend to take the stand during their individual cases, and then there must be final arguments.

The only defendant to go on the stand thus far was Gen. Hiroo Miyama, and it took five days to examine him. At this rate, about six months will be needed for testimony of the other 24.

Translation difficulties have cut the speed of testimony in Tokyo to about half that at Nuernberg, Kapleau reported. He observed, however, that the simultaneous four-language translations at Nuernberg had not made for accuracy in preserving the record.

Not Asked to Certify
Kapleau said Nuernberg court reporters were not asked to certify the accuracy of their trans-

cripts because of frequent breakdowns in the translation system and the fact that no halts were made for corrections.

"At Tokyo," he said, "utmost care is taken by tribunal members, the prosecution, the defense, interpreters and reporters to assure exactness of the record. There are no grounds for misunderstanding."

Simultaneous translation is used at Tokyo only in reading from lengthy written documents. Translation of oral proceedings is made sentence-by-sentence.

Another factor in the slower Tokyo pace is that 17 Japanese cabinets held office during the period covered by the indictments. It is thus necessary to show individual relationships with each government. At Nuernberg, this was unnecessary because the Nazis were in continuous power during the period covered.

Still another less tangible factor is the total absence here of public pressure for swift punishment, which observers said was a consideration at Nuernberg.

"Tribunal members' expressions with regard to speeding the trial have been directed almost solely at repetitions. Repeatedly the court has said it has no desire to exclude any relevant material for either side."

"Elaborating the facts is more important than saving time," one member commented.

PORT EWEN

Port Ewen, April 29—Father of Ulster County Girl Scouts, who intend to help clean the grounds at Camp Wendy, Sunday, May 4, are requested to notify members of the committee—Mrs. Robert Torrens, Jr., Mrs. Charles Wesley, Mrs. Charles Beecher or Mrs. D. Reed. It is necessary that this be done by Wednesday.

Boy Scout Troop 26 will meet tonight. Richard Gaudreau is leader. Charles Beecher, assistant leader.

Mrs. Alanson H. Short is the guest of her daughter, Mrs. James O'Reilly, at her home in Newburgh.

Mrs. Pomeroy Lee is spending the week in Great Neck, L. I., as the guest of Mr. and Mrs. Oliver Frank.

Mr. and Mrs. George Johnson and daughter, Maureen, of West Hurley were Sunday guests of Mr. Johnson's mother, Mrs. Bert Johnson, in Sleightsburg.

All members of Presentation Women's Club and friends planning to attend the communion breakfast Sunday, May 18, at the Governor Clinton Hotel, Kingston are requested to make reservations by contacting Miss Mary Cannon, 193-M, or Miss Mary Barton, 891, before May 14. No reservations will be accepted after that date.

Instructions for the first communion class under the supervision of the Sisters of the Presentation order, St. Mary's Church, Kingston, will be held on Thursdays at 3:45 p. m. and Saturdays at 3 p. m.

The schedule for first Friday at Church of the Presentation: Mass 7 a. m., Communion before and during the Mass. Friday evening devotions at 7:30 p. m. Confessions on Thursday from 7 to 8:30 p. m.

St. Martin's Club will meet Wednesday evening in the parish hall.

The annual Presentation Church card party will be held Friday, June 13, instead of the 6th, in the evening at St. Leo's Hall.

Mr. and Mrs. Joseph Strano are the parents of a daughter born Sunday at the Benedictine Hospital.

The Port Ewen Library Association meeting has been postponed from May 5 to Monday evening, May 19.

The Priscilla Society will meet Monday evening in the Methodist Church house. A pot luck supper will be served at 6 o'clock, and the business meeting is to start at 8. Those attending are requested to bring a 10-cent gift for the social hour.

A committee of the board of directors of Ross Park met with members of the town board last evening and County Attorney Fred Stang at the town clerk's office. After considerable discussion, it was decided to proceed with the necessary legal steps to form a park district in the village of Port Ewen. Petitions will be prepared and circulated for the signatures of the resident taxpayers in the proposed district. Another meeting of the committee will be held Wednesday evening at the town clerk's office.

Hatched Chicks Show Gain

Albany, N. Y., April 29 (AP)—Three were 9,601,000 commercially-hatched chickens in New York during the first three months of 1947, an increase of 765,000 over the same period a year ago. The State Department of Agriculture, in a federal-state report released yesterday, said March hatchings this year were 4,988,000, up slightly from March, 1946. A decline is expected in the April figure, since nine per cent fewer eggs were in incubators as of April 1 than on the same date last year.

Taft Makes Charge Democrats Trying To Stop Tax Cut

Washington, April 29 (AP)—Senator Taft (R-Ohio), contended today that Secretary of the Treasury Snyder is refusing to revise federal income estimates for next year "for fear they may show a surplus which would justify a tax cut by a Republican Congress."

Taft predicted in a statement that taxes can be cut nearly \$4,000,000,000 a year simultaneously with a \$4,000,000,000 payment on the national debt—provided Congress holds spending \$4,000,000,000 or \$5,000,000,000 below President Truman's estimate of \$37,500,000,000 for next year.

He said the treasury estimates for the current fiscal year, made last January, have proved nearly \$4,000,000,000 wrong and that the estimates for fiscal 1948, submitted at the same time, "are evidently also wrong."

Taft asserted that Mr. Truman has opposed "every reduction in government expenditures" and every tax cut, although in Taft's opinion those two devices "will do more to relieve inequality and maintain prosperity than anything else that can be done."

"President Truman's recent remarks on prices and wages all seem directed toward preventing a tax cut by the Republican Congress although a tax cut is essential," the Republican Policy Committee chairman said in his statement issued late yesterday.

Taft contended that a tax cut would increase the purchasing power of 46,000,000 taxpayers, while the benefits of wage increases are likely to go to "only a few million workers with exceptional economic power."

"Price decreases are to be preferred to wage increases, but general tax reduction is the best method of all," he said.

Meanwhile, Rep. Doughton (D-N.C.), ranking Democrat on the House Ways and Means Committee, sought Senate support for legislation he introduced yesterday which would allow husbands and wives to split their incomes for tax purposes, effective next January 1. The effect of this often is to put the two in a lower surtax bracket, thus reducing the tax. Doughton estimated it would reduce federal revenues about \$1,000,000,000 next year.

TINY SUM FOR GREAT WORK

In a final plea for contributions to the current cancer drive in Ulster County, Jay Rifenburg, chairman, says "if those who have not contributed will send one dollar, the goal of \$7,500 will be reached."

This is not asking for much. Not a big sacrifice to combat such a fearful foe of human life and national well-being. And this dread disease is no respecter of social position, economic status, sex, age or environment.

The American Cancer Society must have money to carry on the fine work it already has done. It has brought hope to millions. The picture today is perceptibly brighter, because through your donations in past years the cancer society has, through research and education, been able to save thousands of lives.

Wealthy donors and foundations are making magnificent contributions, but more must be provided. It can be forthcoming if each will give this tiny amount of one dollar.

You can for this tiny amount help your family or your neighbor escape possible intense suffering or untimely death and you can help educate the public in the need of early detection of cancer. You can, for a trifling price, do an everlasting service to mankind.

Contributions may be sent to Jay Rifenburg, Ulster County Treasurer, Kingston or to Arthur Davis, Kingston Trust Company, Kingston.

CUT GOVERNMENT COSTS

Considerable urging that prices be cut has been coming out of Washington recently. And yet the one price that is the heaviest burden on American citizens and the one which contributes heavily to the increased cost of living remains uncut.

That is the price we pay for government, particularly federal government.

The federal budget at thirty-seven and a half billion dollars is the equivalent of more than one-fifth of individual national income.

If the costs of state and local government are added, it is found that the total takes between a third and a fourth of individual income.

If federal officials want to cut prices, they will do well to take the lead by slashing the price tag on federal government for the 1947-48 fiscal year. If they do a good enough job they should be able to make a sizeable reduction in the federal debt and let taxpayers keep a little more of their earnings for themselves by an incentive reduction of federal taxes.

Our civilization can't solace itself forever with new cars, and a day may come when people just naturally decide to go for a walk.

CONVENTION CITIES

The choice of Philadelphia by the Republicans as the meeting place of their next convention was made chiefly because Philadelphia offered more money than Chicago, her nearest rival. Convention cities are rarely chosen for reasons of political strategy.

A wrong choice may, however, be politically harmful. If the 1924 Democrats had not almost anywhere else than in New York city, they might have avoided the crusading for the local hero, Al Smith, which went far toward wrecking party harmony. And in 1860 if the Democratic convention had been held almost anywhere else than in Charleston, S. C., the hotbed of the secession movement, the party would have been less apt to split and wind up with the nomination of two tickets.

Neither party expects such a happening in 1948, wherever the conventions are held.

THE NEW EDDIE

"I wish all my players would get tired of baseball," Manager Johnny Neun of the Cincinnati Reds had in mind his shortstop, Eddie Miller, who this spring announced his retirement because the game ceased to interest him. When he was finally persuaded to change his mind, no one recognized him by

'These Days'

By George E. Sokolsky

January

WHO'S AFRAID OF WHAT?
It will not, of course, be admitted, but President Truman was tricked into vetoing the bill appointing former Senator Wheeler to investigate the Arabian-American Oil Company—one of the major diplomatic scandals of the war. Senator Brewster, Republican, invited Wheeler to act as counsel for his Committee making the investigation because of Wheeler's unusual experience in this type of work.
Senator Wheeler is now in private law practice in Washington, having been defeated in the last election in one of the most viciously cruel and malevolent campaigns ever waged against a candidate running for office. So when Senator Brewster invited ex-Senator Wheeler to do this oil investigation job, Wheeler naturally turned it down. That law makes it more or less impossible for Congressional investigating committees to obtain first-class talent for their work, being forced to confine themselves to those specialists who earn their living within the narrow margins of government jobs and retainers.

To get around this, whenever a Senate Committee wants a first-rate lawyer to work for it, a special act is passed by Congress making his retainer fully legal. Senator Brewster had such an act passed in the Wheeler matter, using as its text an identical bill, actually signed by President Truman on December 14, 1945. President Roosevelt had signed a similar bill in May, 1944. It is interesting to note that Tom Clark was Attorney General in December, 1945, and did not object to that bill—Clark is now reputed to object to the Wheeler measure as an invasion of his prerogatives and had it vetoed.

All of this is hogwash. Actually, about three weeks ago Senator Brewster asked the President for permission for his Committee to obtain a letter, by right the property of the American people, but now sequestered in the salubrious vacuity of Hyde Park. Also the Committee wished to send an investigator up to Hyde Park to make a research into any pertinent documents relating to the Arab Oil Deal which is one of the causes for the present frightful disturbances in Palestine.

Up to the moment of writing this, Mr. Truman has not given consent for a Committee of the Senate to read documents which are by right the property of the American people. Mr. Truman loyally wants to protect the synthetic reputation of his amazing predecessor who while promising the Jews heaven on earth, in return for their votes in Eastern bloc cities, made vile and wicked deals with the Arabs.

The President's theory is that he will not tolerate a fishing expedition into the documents at Hyde Park, although they are the files of current transactions of the American people.

Tell him what letter you want and he'll get it, seems to be Mr. Truman's attitude. But if the contents of all the documents were known there would be no need for an investigation. As a matter of fact the whole point of the investigation is to find out what actually happened, how it came about, who got the dough, and where the sting originates.

When Harry Truman was Chairman of a Senatorial Committee he did not pursue such refinements of politeness in uncovering the hidden. He was more direct and courageous and landed a Vice-Presidency, may even the President Law School, at the moment it comes to Arab oil, there is a shiver and a tremor among some of the old New Dealers who want that story sunk as far from the public view as the bottom of an oil shaft.

It is their desire to hide this story from the American people that is behind the veto. They realized that Senator Wheeler, not being a youth who was moving and cunning, they thought, was not going to shut up shop at his law office. They figured also that the Senator, having something of a red-headed temper, would walk away from the job in high dudgeon.

Then Senator Brewster would be forced to retain a Washington specialist—a speculator in public that would avoid antagonizing whoever might give him his next job. Then the smell of Arab oil could be perfumed by the gases of New Deal verbiage. It won't happen that way.

CORONARY OCCLUSION

So many men in the prime of life die of coronary occlusion that many of us may think it is more common than in former years. It is more common, but one of the reasons is that the life span now averages about 65 to 66 years of age whereas it was less than 50 at the beginning of the century.

Because coronary occlusion or occlusions is now seen so often many physicians and laymen now speak of a patient or individual as having had a "coronary," and thereafter may have no further coronary attacks or may have several and still live.

Because the coronary attack occurs first under the breast bone many think it is an attack of indigestion high up in the stomach and unless attack is severe causing fear of death if any movement is made, they may go about their daily work and habits as usual.

There are some early signs of an approaching attack of coronary occlusion (partial closing of blood vessels carrying blood to the muscular walls of the heart), pointed out by Dr. Ralph L. Fisher, Detroit, in the Journal of the American Medical Association.

1. Slight pain or sense of tightness within the breast which may or may not be accompanied with a dull pain extending to the arm.

2. Feeling of distress in region of stomach and under breast bone of a vague, not pronounced, nature may accompany the chest pain or may be the "only" sign of warning.

With the onset of a real coronary attack an "agonizing" chest pain with a burning vice-like or pressure sensation appears, with nausea and vomiting following promptly. The face is ashen grey and unbearable pain. There may be a mild delirium.

It is, however, true that in a few cases this severe or even mild pain does not occur because the coronary vessel is narrowed gradually. This just a feeling of shortness of breath or shock may be the only symptoms present but two or three days later temperature may rise from 101 to 103 which shows that an attack of coronary occlusion or thrombosis has occurred.

his play. The classic report of a baseball scout, "Good field, no hit," might formerly have been made of Miller. Now he not only hits but hits home runs. Five of his first seven hits were homers. In other years two was his maximum for the season.

Why does a performer of settled habits suddenly surpass all his previous efforts? Does he know the secret himself?

Very likely, if there were no women, our civilization would die out because the men couldn't find things.

A few communities in the Catskills now appear to be more definitely interested in developing winter sports programs despite earlier fears that our winters in this region have been too uncertain for proper annual support of such ventures.
New ski slope developments are under way in the Highmount and Phoenicia areas and winter sports plans are being advanced elsewhere in the mountains. Word is still skeptical after in visiting made an attempt several years ago to develop itself as a winter sports community.
It is felt generally by those interested in winter sports programs that snow is the most essential element, but with some planning for skiing, skating and tobogganing, the event the weather is not suitable for a full winter program in the outdoors, it would seem that most any community in the region could manage to have something to offer to those who like to play in the open country.

Today in Washington

'Doctrinaire Approach' Seems to Have Slowed Ives in Relation to Senate Labor Measure

By DAVID LAWRENCE

Washington, April 29.—To understand the debate going on in the Senate these days on the proposed labor legislation one has to turn the clock back nearly twelve years. Nearly every argument made then by employers against the passage of the Wagner Labor Relations Act is now being made by union spokesmen in the Senate.

It was Senator Tydings of Maryland, Democrat, who tried to get the Senate to amend the Wagner bill so it would prohibit coercion from any source and it was the Democratic leadership which told him all this was protected by the states.

Senator Ives of New York, Republican, who comes to the Senate with something of a reputation in labor matters, has taken the labor-union side of the argument on this issue. Senator Taft made a masterful reply to Senator Ives in sponsoring some amendments to protect the worker against coercion by fellow workers or professional organizers. In fact, the Ohio Senator has shown himself far superior to the New York Senator in this debate.

Mr. Ives' difficulty seems to be his doctrinaire approach. He is full of theory, and argument against those who have some experience with the abuse of the Wagner Labor Relations Act. It is surprising indeed to find a man of Mr. Ives' reputation saying it is a matter for the police in each state to do away with the coercion now practiced to force workers into unions.

Much of the coercion is in the form of misrepresentation and non-violence annoyances. Many of the present-day unions have been organized with fraudulent and dishonest statements as the basis of the organizing campaign. The employer is powerless to answer unless he wishes to incur expensive litigation before the Labor Board on the free-speech issue.

Senator Ball, of Minnesota, Republican—a man who is so far from being a "reactionary" that he supported the late President Roosevelt in 1944 and broke with the labor party in 1946—has the real champion of workers' rights. If anyone is entitled to be called a liberal Republican, it is Mr. Ball of Minnesota. He is sponsoring amendments which the pro-union spokesmen call "tough" or "reactionary" but he is nevertheless a senator who is standing up for the worker as against the union bosses and dictators. He wants an amendment like the Tydings' amendment of 1935. The

failure to adopt it then brought on much of the bitterness and labor strife of the ensuing 12 years. Incidentally, in the debate, Senator Taft pointed out that Mr. Ball's amendment is contained in the Wisconsin Labor Relations Act which has worked successfully.

When Senator Ives declared that mass picketing was a matter wholly for the States, he forgot that the unions succeeded in 1938 in invoking the Federal police power in a statute which punishes employers who bring non-union men across state lines to work for them during strikes. Congress made this a crime and no labor union has advocated that this be repealed and left to the States.

The same objections which Senator Ives now urges against restraints to be written into a new law to forbid interference by workers with other workers were heard from employers in 1935. It was urged then that the Labor Board couldn't interpret such words, that it would cause more strife and that it would produce confusion. Actually, probably no single clause in any statute has been more the subject of definition than the different sets of circumstances than the one which forbids interference by an employer in the exercise by the employees of their rights of self-organization. With the exception of the "free speech" issue, the employers now understand what can and cannot be done. It would naturally fall to the new Labor Board to define the kind of interference and restraints proposed in the new law whereby professional organizers impose on workers in order to drag them into unions against their free will.

Presidential politics may or may not have something to do with the one-sided viewpoint being expounded by Senator Ives of New York. If he represents Governor Dewey, then the sooner the New York governor expresses himself the better it will be for those of his friends who think he would not concur in the "soft" viewpoint taken by Senator Ives. On the record thus far Senator Taft, it is hard to see how he can be so sure that the amendments proposed by Senator Ball and if he agrees to change some of the ambiguities in the Senate committee bill on the "union shop" which he has hitherto been supporting, will be making a record that appeals far more to the labor party as a whole than the views expressed by the New York Senator. Woman in Red Dies in Bucharest

Her Information Resulted in Dillinger Death

Bucharest, April 29 (AP)—Ana Cumpanas, "The Woman in Red" who put the finger on John Dillinger that summer night in 1934 when F.B.I. men killed America's public enemy No. 1 in a Chicago alley, is dead.

The Timisoara newspaper Vestul reported last night that the woman, known in the United States as Mrs. Anna Sage, died last Friday in the quiet town of Timisoara in southwestern Romania of a liver ailment. She was 58 years old.

Mrs. Cumpanas was deported by the United States government in 1936 because of a conviction in Gary, Ind., for running a bawdy house. She had lived the life of a well-to-do citizen in Timisoara since then.

Vestul said that she complained to the end of her life that she had been "cheated" by federal authorities of \$70,000 in reward money for putting Dillinger on the spot for the G-men.

She told New York reporters when she was put aboard the vessel to be deported that she had received \$5,000 for informing on

Dillinger, and in reply to a question as to whether she felt she had been "double-crossed by the government in the deportation proceedings," she replied:

"I have never felt that way." Melvin H. Purvis, former F.B.I. chief in Chicago, acknowledged her aid in bringing Dillinger's criminal career to an end at deportation proceedings in 1935, when he testified that he had promised to help her in having the deportation order dismissed if she participated in Dillinger's capture.

Born in a small Romanian village, she went to the United States in 1914, settling in Chicago, where she married Alexander Suci. She divorced Suci in the early 1930's.

On the night of July 22, 1934, she pointed out Dillinger as he emerged from a motion picture theatre. Dillinger elected to fight it out with G-men who called on him to surrender, and he was shot to death. Mrs. Cumpanas' sobriquet of "The Woman in Red" came because of the costume she wore that night.

Bevin Says Time, Patience Needed

Foreign Secretary Neither Pessimistic Nor Optimistic

London, April 29 (AP)—British Foreign Secretary Ernest Bevin returned today from the Foreign Ministers Conference in Moscow and told newsmen that "I am not unduly pessimistic, neither am I optimistic" about international affairs.

"I ask the British people to have patience," he said on landing at Heathrow Airport. "We shall reconcile our differences."

Bevin returned to London by way of Berlin, where he conferred yesterday with the British Control Commission officials and discussed the German problem.

Bevin was smiling and looked fit, despite the strain of the Foreign Minister's Conference and his trip. He has been in poor health in recent months and his doctor went with him to Moscow.

After he exchanged greetings with his wife and government representatives at the airport, he was shown newspaper accounts of Secretary of State George Marshall's broadcast last night.

His comment was: "I can tell you better after the London Conference."

Bevin said it remained to be seen whether the minister's London meeting in November would be more successful than the Moscow meeting.

"When the time comes for a settlement to be resolved on Germany," he added, "The British Government will be very proud of their work" at Moscow. But the foreign secretary obviously was disappointed at the failure to produce an Austrian treaty.

Will Open Schools, Hire New Teachers If Strike Lasts

Ansonia, Conn., April 29 (AP)—The Board of Education, countering a new salary demand by the Teachers League, last night issued an ultimatum ordering all schools to reopen May 1, and instructing the board secretary to advertise for teachers to fill "any and all vacancies."

The board action followed a meeting of the Teachers League at which they rejected the city's offer of a \$100 flat increase with a \$400 raise on next year's contracts. Instead they demanded a \$2,000 minimum and \$3,600 maximum salary in grade schools with a \$2,100 minimum and a \$4,200 maximum in the high schools.

After receiving the teachers demands the board made public this three-point ultimatum:

1. Schools will reopen Thursday, May 1.

2. All principals and other personnel of the Ansonia public schools are instructed to report to their respective schools on Thursday, May 1, at the regular hour or relinquish any further consideration by the Board of Education.

3. The secretary of the Board of Education is advised to advertise in all agencies for applicants to fill any and all vacancies.

Mayor Thomas J. Nelligan informed the teachers that no further negotiations would be considered until the teachers go back to work.

Margaret Connors Driscoll, counsel for the Teachers League, said that until the C.I.O. "talks turkey" the teachers will not work.

Wins Bicycle, Loses Life

Newark, N. J., April 29 (AP)—A new bicycle had been bought for 7-year-old Alan Tabankin, but it was to remain carefully stored, his parents said, until he was listed on the school honor roll. Alan rushed home yesterday to announce that he had made it. His name had been included on the honor roll. Jubilantly he rolled out the new red-and-white cycle and started down the street. A lumber truck backing toward the curb struck the bicycle, crushing its gleaming frame and killing the boy.

Feeney Co-Defendant In \$75,000 Suit

New York, April 29 (Special)—A Kingston barge operator, Thomas Feeney of 613 Abel street, was named a co-defendant in a \$75,000 personal injuries suit, filed Monday in U.S. District Court here by Abraham C. Brower, barge captain, of Jersey City, N. J.

Feeney is being sued as operator of the barge, "Doc," which last January 10th was moored to the Koppers Coal Company dock at Kearny, N. J. The plaintiff was in charge of the barge, "Barbara," which was delivered by a tugboat, the "Ann Marie Macey," to be moored outboard of the "Doc."

Brower, according to the complaint, stepped from the "Barbara" to the "Doc" to make fast the mooring lines, and was thrown into the hold of the "Doc" when the tug suddenly struck the "Barbara." He suffered a fractured skull, multiple fractures of the hip and other injuries in the mishap.

The Tracy Towing Line, Inc., of New York, owner of the tugboat, is named with Feeney as defendant in the action. The two are charged with negligence and joint responsibility for the accident.

Woman in Red Dies in Bucharest

Her Information Resulted in Dillinger Death

Bucharest, April 29 (AP)—Ana Cumpanas, "The Woman in Red" who put the finger on John Dillinger that summer night in 1934 when F.B.I. men killed America's public enemy No. 1 in a Chicago alley, is dead.

The Timisoara newspaper Vestfal reported last night that the woman, known in the United States as Mrs. Anna Sage, died last Friday in the quiet town of Timisoara in southwestern Romania of a liver ailment. She was 58 years old.

Mrs. Cumpanas was deported by the United States government in 1936 because of a conviction in Gary, Ind., for running a bawdy house. She had lived the life of a well-to-do citizen in Timisoara since then.

Vestfal said that she complained to the end of her life that she had been "cheated" by federal authorities of \$70,000 in reward money for putting Dillinger on the spot for the G-men.

She told New York reporters when she was put aboard the vessel to be deported that she had received \$5,000 for informing on

Dillinger, and in reply to a question as to whether she felt she had been "double-crossed" by the government in the deportation proceedings, she replied:

"I have never felt that way." Melvin H. Purvis, former F.B.I. chief in Chicago, acknowledged her aid in bringing Dillinger's criminal career to an end at deportation proceedings in 1935, when he testified that he had promised to help her in having the deportation order dismissed if she participated in Dillinger's capture.

Born in a small Romanian village, she went to the United States in 1914, settling in Chicago, where she married Alexander Suciuc. She divorced Suciuc in the early 1930's.

On the night of July 22, 1934, she pointed out Dillinger as he emerged from a motion picture theatre. Dillinger elected to fight it out with G-men who called on him to surrender, and he was shot to death. Mrs. Cumpanas' sobriquet of "The Woman in Red" came because of the costume she wore that night.

Says Bicycle Stolen

Jean Henderson of 96 St. James street reported to the police at 10 p. m. Monday that her bicycle was stolen. It was a girl's bicycle, she said, and was equipped with a basket. She placed its value at \$35.

Elve's fax acreage in 1943 was about 27,500 acres, or 8,900 acres above the 1942 planting.

Bevin Says Time, Patience Needed

Foreign Secretary Neither Pessimistic Nor Optimistic

London, April 29 (AP)—British Foreign Secretary Ernest Bevin returned today from the Foreign Ministers Conference in Moscow and told newsmen that "I am not unduly pessimistic, neither am I optimistic" about international affairs.

"I ask the British people to have patience," he said on landing at Heathrow Airport. "We shall reconcile our differences."

Bevin returned to London by way of Berlin, where he conferred yesterday with the British Control Commission officials and discussed the German problem.

Bevin was smiling and looked fit, despite the strain of the Foreign Minister's Conference and his trip. He has been in poor health in recent months and his doctor went with him to Moscow.

After he exchanged greetings with his wife and government representatives at the airport, he was shown newspaper accounts of Secretary of State George Marshall's broadcast last night.

His comment was: "I can tell you better after the London Conference."

Bevin said it remained to be seen whether the minister's London meeting in November would be more successful than the Moscow meeting.

"When the time comes for a settlement to be resolved on Germany," he added, "The British Government will be very proud of their work" at Moscow. But the foreign secretary obviously was disappointed at the failure to produce an Austrian treaty.

Will Open Schools, Hire New Teachers If Strike Lasts

Ansonia, Conn., April 29 (AP)—The Board of Education, countering a new salary demand by the Teachers League, last night issued an ultimatum ordering all schools to reopen May 1, and instructing the board secretary to advertise for teachers to fill "any and all vacancies."

The board action followed a meeting of the Teachers League at which they rejected the city's offer of a \$100 flat increase with a \$400 raise on next year's contracts. Instead they demanded a \$2,000 minimum and \$3,600 maximum salary in grade schools with a \$2,100 minimum and a \$4,200 maximum in the high schools.

After receiving the teachers' demands the board made public this three-point ultimatum:

1. Schools will reopen Thursday, May 1.
2. All principals and other personnel of the Ansonia public schools are instructed to report to their respective schools on Thursday, May 1, at the regular hour or relinquish any further consideration by the Board of Education.

3. The secretary of the Board of Education is advised to advertise in all agencies for applicants to fill any and all vacancies.

Mayor Thomas J. Nelligan informed the teachers that no further negotiations would be considered until the teachers go back to work.

Margaret Connors Driscoll, counsel for the Teachers League, said that until the C.I.O. "talks turkey" the teachers will not work.

Wins Bicycle, Loses Life

Newark, N. J., April 29 (AP)—A new bicycle had been bought for 7-year-old Alan Tabankin, but it was to remain carefully stored, his parents said, until he was listed on the school honor roll. Alan rushed home yesterday to announce that he had made it. His name had been included on the honor roll. Jubilantly he rolled out the new red-and-white bicycle and started down the street. A lumber truck backing toward the curb struck the bicycle, crushing its gleaming frame and killing the boy.

Feeney Co-Defendant In \$75,000 Suit

New York, April 29 (Special)—A Kingston barge operator, Thomas Feeney of 613 Abel street, was named a co-defendant in a \$75,000 personal injuries suit filed Monday in U.S. District Court here by Abraham C. Brower, barge captain, of Jersey City, N. J.

Feeney is being sued as operator of the barge, "Doc," which last January 10th was moored to the Koppers Coal Company dock at Kearny, N. J. The plaintiff was in charge of the barge, "Barbara," which was delivered by a tugboat, the "Ann Marie Macy," to be moored outboard of the "Doc."

Brower, according to the complaint, stepped from the "Barbara" to the "Doc" to make fast the mooring lines, and was thrown into the hold of the "Doc," when the tug suddenly struck the barge.

He suffered a fractured skull, multiple fractures of the hip and other injuries in the mishap.

The Tracy Towing Line, Inc., of New York, owner of the tugboat, is named with Feeney as defendant in the action. The two are charged with negligence and joint responsibility for the accident.

Reader Service

Easy for Beginners

Rug-making is one of the most rewarding hobbies imaginable! And a really practical one, too! Best of all, it's open to every woman—no costly equipment or material is needed, no special knack. Anyone—beginners, too—can make lovely rugs at home.

There are many types to choose among—hooked, braided, knitted, crocheted, tufted, woven. Your material may be cut-off clothing and blankets or, if you wish, inexpensive unbleached muslin or a similar fabric.

In making a hooked rug—the choice of many beginners—the only equipment needed is a hook and frame. A frame can be cheaply bought ready-made, or nailed together at home for almost nothing. Want a handsome hooked rug for your living room, a sturdy Navaho rug for your child's room? Instructions and diagrams for making rugs of many types are included in our Reader Service booklet No. 94. Tells how to prepare the fabric, work out designs, finish the rugs.

Send 25 cents (coin) for "New Ideas for Handmade Rugs" to Kingston Daily Freeman, Reader Service, 243 West 17th street, New York 11, N. Y. Print name, address, booklet title and No. 94.

Russ Lack Word for Fun

Russians get a lot of enjoyment from life but have no word for fun, a former British diplomat in Moscow says. Their taste in amusements is like that of other Europeans. They like football. Films are popular but there are not enough to go around. The theatre is on a higher plane than elsewhere. "As for sports," says this observer, "your Russian always seems to think he must equip himself to be a better citizen. He does not think of games as something for everyone, just because they are fun and get one out-of-doors."

McKENNEY ON BRIDGE

Question: Which Finesse Is First?

By WILLIAM E. MCKENNEY
America's Card Authority
Written for N.E.A. Service
Today's hand was played in the Vanderbilt Cup Tournament, emblematic of the national knock-out team-of-four championship. Experts often refer to percentage plays, but when Harry Fishbein describes a hand of this type, he will say, "If you make this play, you will have another play running for you."

The question is, when you are in dummy with the king of spades, should you take the heart finesse or the diamond finesse? Fishbein reasons that if you take the diamond finesse and it loses, there are three hearts to the king on your right, you lose the contract because you can get into dummy only once.

The correct play, in Fishbein's opinion, is to lead a small heart from dummy and when West plays low to finesse the ten spot. When it holds the trick you lay down the ace of diamonds. When both sides follow, you make the safety play of leading a small diamond. West will have to win this trick with the queen. West's best return probably is the jack of spades which is won in dummy with the ace.

Now if the declarer carelessly led another heart, West could trump it and defeat the contract. So the careful declarer would cash the jack of diamonds and then take another heart finesse.

Mrs. McMann Named To Executive Board

Mrs. James McMann of the physical education department of Kingston High School was unanimously elected a member of the executive board during the spring meeting of the western division of the Southeastern Area of the Association of Women in Physical Education in New York state held at the Suffern Central School recently. Miss Tullia Palermo of Ellenville also was elected a member of the board.

About 20 women physical education instructors from schools in Ulster, Rockland, Orange and Sullivan counties were present. The meeting was held under the supervision of Mrs. McMann, president.

Mrs. Virginia Peterson of the Spring Valley High School gave a detailed and helpful talk on the problem of choosing and training cheerleaders. She was followed by Miss Bertha Bennett of the New York State Teacher's College at New Paltz who conducted an interesting and informative workshop in physical education in the elementary grades.

Following a luncheon at the Fureka Hotel, a business meeting was held. The afternoon session was devoted to a discussion on "Leaders Clubs" which was led by Mrs. McMann. At the end of the talk there was a lively period of questions and answers on many of the problems in girls' physical education.

This being National Baby Week, let's cook up a few treats for the high-chair set.

Squash Custard

(Serves 3)

Two cans strained squash, ¼ cup orange juice, 3 tablespoons sugar, 1 egg, salt, cinnamon, nutmeg (as desired).

Combine strained squash, orange juice, sugar and slightly beaten egg. Mix thoroughly. Add a few grains of salt and a dash of cinnamon and nutmeg, as desired. Pour into oiled baking dish or custard cups. Set in pan of hot water and bake in a slow oven (325 degrees F.) until firm.

Fruited Gelatin

(About 5 Mite-Sized Servings)
Two teaspoons plain gelatin, 2 tablespoons cold water, 1 cup milk, 1 to 2 tablespoons sugar, 2 containers strained fruit (flavor combinations), few drops lemon juice.

Soak gelatin in cold water 5 minutes. Heat milk gradually just to boiling and pour over gelatin, stirring until dissolved. Stir in sugar to taste. Cover with waxed paper while cooling; cover, place in refrigerator until fairly thick. Beat with rotary beater until fluffy. Fold in strained fruit and blend lightly. (If lemon juice is used, add it with fruit.) Gelatin may be topped with custard pudding for appetite appeal, variety and to stretch servings.

Beet Borsch

(4 Small Servings)

One can strained beets, 1 teaspoon sugar, ¼ teaspoon salt, 1 egg yolk (beaten), ¼ cup cream, ¼ cup water, 1 tablespoon lemon juice.

Combine beets, sugar and salt. Add mixture of beaten egg yolk and cream. Add water. Heat and simmer 5 minutes. Add lemon juice. Serve hot or cold.

TOMORROW'S MENU

BREAKFAST: Orange juice, ready-to-eat cereal, coffee cake, coffee, milk.
LUNCHEON: Split pea soup with croutons, cheese sand-

wiches, fruited gelatin, tea, milk.

DINNER: Tomato juice, calves' liver, creamed potatoes, buttered celery with chopped parsley, scallions and radishes, enriched bread, butter or fortified margarine, chocolate cake, coffee, milk.

BACKACHE, LEG PAINS MAY BE DANGER SIGN

Of Tired Kidneys
If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 8 pints a day. If the 16 miles of kidney tubes and filters don't work well, poisonous waste material stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of sleep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 16 miles of kidney tubes flush out poisons waste from the blood. Get Doan's Pills.

Little Gardens Club Meets

With Mrs. Lucius Dely.

Little Gardens Club met Friday afternoon with Mrs. Lucius Dely, 731/2 TenBroeck avenue. A paper was read by Miss Lottie Johnson on "Flower Forms in Design." She stated that in choosing materials for flower arrangements, spikes or branches delicate in form or color should be chosen for background material. Heavier and more colorful blossoms should be used for the focal points. She gave many examples of suitable material to illustrate her points and showed pictures of attractive arrangements.

The club voted to contribute to Seeds for Friendship Campaign which will send seeds to war torn countries in Europe.

Several members are planning to attend the meeting of the 3rd district of the Federated Garden Clubs in Rhinebeck, May 13.

After the meeting the hostess served refreshments assisted by Mrs. Prescott Clapp.

The meeting scheduled for May 2 will be omitted. The next meeting will be with Mrs. John Sate, West Hurley, May 16.

City Twilight Baseball League Will Operate With Eleven Teams

Athletic Field Site for Games Starting May 11

Twilight baseball returns to the Athletic Field this season with an 11-team city circuit, with the first contest scheduled for Monday, May 11. It was voted by the league managers last night.

Rather than eliminate three of the eleven teams seeking franchises and operate with eight clubs, the managers balloted 7 to 4 to retain the 11 teams.

Warren Smith was unanimously re-elected president of the twilight circuit. Paul Freer was named secretary-scorer, while Jake Senor was elected treasurer, a position that was restored after several years absence. Joe Tomassie was retained as collector, while a vice-president will be named at the next meeting.

League Roster

The lineup of teams and representatives attending the meeting were:

Jones Dairy—George Zadany.
Boulevard Gulf Station—Bob Guinick.
New York Central—William "Pucker" Davis.
Staubes Bakery—Ralph Lucas.
Morgan's Restaurant—Bud Zoller.
Knights of Columbus—George Cragan.
Frank's Sport Shop—Frank Cohen.
Kaye Sportswair—Louis Guida.
Chez Emile—Ed Allen.
Hofbrau—John Battaglini.
West Shore—Bill Livingston.

Meet Next Week

Final details on the season's schedule and the league by-laws, salary scale and other incidentals will be worked out at the next meeting set for Wednesday, May 7.

The league roster of 11 squads represents six new teams, with five holdovers from last year—Jones Dairy, Morgan's Restaurant, Kaye Sportswair, Chez Emile and West Shore. Kaye Sportswair operated as Jayrich in the 1946 season.

Final playing rosters will be submitted at the next meeting, with each team limited to fifteen players. The schedule was discussed briefly but details were left up to a committee to be appointed later. The league will operate five nights weekly and in all probability play one round and then a Shaughnessy playoff among the top four teams.

Reflecting the enthusiasm of the large number of players, managers and sponsors present, President Smith predicted a successful season at the Athletic Field if the various teams co-operated. He urged the team managers to make every effort to have their teams properly uniformed, to observe starting schedules and to put forth the strongest lineup at all times.

National League Home-Run Happy In Games to Date

By JOE REICHLER
Associated Press Sports Writer

Should the suddenly home run-conscious National League continue anywhere near its present pace, Ford Frick's loop will easily set a major league record for four-baggers in a single season.

Not since the early thirties has the senior circuit been so homer happy. In 41 games to date, National League players have walked 69 for the distance, a far better average than their record-breaking season of 1930 when 892 homers were hit. At this rate, the old league should top a thousand when the campaign shuts its doors September 28.

In sharp contrast, the American League, for years regarded as the haven for heavy hitters, owns only 39 round trippers in its many games. Its best home run output was in 1940 when 883 were hammered.

With such a dearth of home runs in the American League, naturally the pitchers have had a holiday. Ten hurlers have held their opponents scoreless in the junior circuit with Cleveland's Bobby Feller and New York's Alie Reynolds boasting two shutouts apiece. National League pitchers, on the other hand, have twirled only five games in which their opponents have failed to cross the plate.

Trout Not So Dizzy

In yesterday's only scheduled game in the big leagues, Detroit's Dizzy Trout joined the rapidly growing list of shutout flingers by blanking the Indians in Cleveland 3-0. The Tiger right-hander retired the side in order in five of the nine innings and drove in two of the three Bengal runs.

Trout rilled a pitch by Red Emmer for a home run in the third inning. His eighth inning single scored Pat Mullin with one of the two Tiger runs that frame.

Following yesterday's rest for 14 of the 16 teams, the majors start their first interseasonal tests today with the eastern teams in the National League host to their western rivals and the eastern nines in the American guests of the western clubs.

Yesterday's Stars

(By The Associated Press)

Pitching, Dizzy Trout, Tigers—Held Cleveland to five, scattered hits to blank Indians, 3-0.
Batting, Dizzy Trout, Tigers—Drove in two runs with his second home run in the third inning and a single in the eighth in Tigers' 3-0 win over Indians.

Ruth Has Slight Cold

New York, April 29 (AP)—Babe Ruth is suffering from a slight cold, believed to have been induced by exposure and the excitement of his appearance at Yankee Stadium Sunday when 58,339 fans honored him. Mrs. Ruth said that the former home run king's participation in the ceremonies had proved very tiring and that he was "completely exhausted" by the festivities. She said he spent Monday morning in bed and had a slight temperature.

Montgomery vs. La Rover

Philadelphia, April 29 (AP)—Bob Montgomery, New York-Pennsylvania version lightweight champion, makes his first appearance in a home ring since his road tour, opposing George La Rover in a 10-round non-title bout at the Arena next Monday night. It will be a return bout between the two Philadelphians, Montgomery having outpointed La Rover in a 10-round clash at West Springfield, Mass., last summer.

IN MEMORIAM—The Kingston Women's Bowling Association suffered a great loss in the death of Mrs. Kibbey Robertson, who had served that organization with distinction as treasurer. . . . Mrs. Robertson, the wife of William "Bill" Robertson, took an active part in many war-time fund raising drives and was always ready to do more than her share in bowling promotions.

The K.W.B.A. has written this tribute to their departed member: In Memory of KATHRYN B. ROBERTSON Died January 30, 1947

"I lost my pal." Those words—simple but beautiful—expressed by a bereaved but stout-hearted husband, are the finest tribute which could possibly have been bestowed upon our beloved and departed. . . . Kay Robertson.

"I lost my pal." That's a soul-inspiring sentiment even in death. Bill Robertson lost his wife and his sweetheart, he lost his dearest friend. Bill and Kay were blessed with the strongest ties of any companionship. They not only loved each other, they liked each other.

And, as Bill lost his pal, so did a lot of us. Kay's passing has left us with empty hearts. And that emptiness has enveloped the offices of the Kingston Women's Bowling Association. We'll miss her sharp and bright eyes which so clearly expressed her ideals. . . . her opinions. . . . her honesty, her sincerity. Kay knew her bowling, knew many people in the game, and was a conscientious and willing worker.

Not only was she the treasurer of the Kingston Women's Bowling Association for three years, but acted as treasurer during World War 2 for all drives such as the Red Cross, Bowler's Victory Legion, March of Dimes, Cancer Drive, Ambulance and Bomber Drives and the bond rallies, and several other occasions where a large sum of money was raised by the bowlers.

She started her bowling career in 1939 and had been associated with it, holding practically every office in league bowling. Kay was the first officer of the Kingston Women's Bowling Association to pass away while serving in office. She did more than her part. She'd been a devoted booster and her name will always be an institution in our Association.

Let us not say that Kay Robertson has passed away. Let us rather look upon her absence as a well-earned vacation, and may she be resting peacefully.

Dr. VanGaasbeek and F. Russell Win Blind Bogey Sweepstakes

Dr. Chester Van Gaasbeek, Fabian Russell, of Saugerties and a guest player, Dr. John McCall were winners in the blind bogey golf sweepstakes conducted at the Wiltwyck and Twaalfskill courses over the week-end.

Dr. McCall, a guest player at Twaalfskill, fired a 71 net to win the Saturday event, while Russell equalled the score to capture Sunday honors.

In the Wiltwyck sweeps, Maurice Davenport, ranking players of the club, shot low gross of 75, with rounds of 37 and 38. Dr. Chester Van Gaasbeek posted low net of 71.

Matt Herzog and Harold F. King trailed Dr. McCall Saturday at Twaalfskill with 77s, while Dr. Ball shot 79. In the Sunday competition, Herman Gottfried was second to Russell with 79. Eddie Modjeska and Dan Shufeldt posted 80s, while John Van Gonsic had an 81.

Worff's Clowns Reorganize For City Softball Loop

John Worff's Clowns, members of the 1946 City Softball League, have re-organized and will again compete in the league. First practice for the club is scheduled for Wednesday evening at Block Park.

Members of the 1947 roster are F. Tomassie, Joe Enright, Don Weeks, "Sonny" Woods, Frank Sass, Form Coughlin, Johnny Zeeb, John Schatzel, Joe Woods, A. Thomas, "Barrel" Smith, George Uhl, Joe Fautz and Wesley Dunbar.

Guerin Will Ride

New York, April 29 (AP)—Oliver Eric Guerin, the little 22-year-old larruper from Louisiana, had just been handed a plane ticket to Louisville and a contract to ride Mrs. Elizabeth Graham's Jet Pilot in the Kentucky Derby on Saturday. He was hired following negotiations between the Maine Chance Farm establishment and the J. W. Brown Stable, his contract employer. "I rode Jet Pilot three times last year and won twice, finishing third the other time," enthused Guerin. "Even as a two-year-old he was one of the fastest horses I've ridden."

Dodgers Open Season May 1 in Bloomingdale

Kaye Sportswair Rolls Poughkeepsie Stars

Kaye Sportswair keglersettes seek their 16th victory of the season tonight, when they face Pat Hegnauer's All Stars at the Dutchess Recreation in Poughkeepsie. The Bridge City quintet is one of the strongest faced by Kayes this season and features Pat Hagnauer, who currently ranks fifth in the all-events department of the state women's tournament now in progress at Syracuse. The Kaye Sportswair squad will leave the Central Recs at 8 o'clock.

Dodger Doings

The nicknames of the various clubs in the North Atlantic League follow:

Kingston "Dodgers."
Stroudsburg "Pecoons."
Nyack "Rocklands."
Bloomingdale "Troopers."
Nazareth "Tigers."
Peekskill "Highlanders."
Carbondale "Pioneer Blues."

Nyack has Herb Dietrich back. Dietrich slugged .344 last season. Also returning are pitchers Bill Smith 19-7 in 1946 and George Rootz, who twirled a no-hit, no-run game in 1946.

The North Atlantic League boasted one of the leading hitters in organized baseball last season—Walter Forwood, of Carbondale, who batted .408 in 111 games.

Donald Brush Keglers Blast 2490 in State

Kingston's first booster team ever to appear in New York State bowling tournament competition, the Donald Brush keglers assured themselves of a cut in the prize melon with a 2490 series Saturday night in Syracuse.

The locals rolled games of 824, 897 and 769, with Chris Robinson's 524 setting the pace. Elwood Robinson shot 521 and Dick Howard provided 517 in the leadoff.

In the doubles competition, the Robinson brothers teamed for a 940 total, two pins more than Howard and Frank "Boots" Leskie.

Howard's 656 singles, of course, currently leads the Class A section of the tournament. None of the others fare so well. Leskie shooting 516, Chris Robinson 485, and Elwood Robinson 437.

Hutton Brick Keglers Clinch Midnite League

Clicking for an even 2700 series and with every man over 500, the Hutton Brick squad defeated Kozy Tavern by 42 pins last night to win the 1947 championship roll-off at the Central Recreation alleys.

Kozy Tavern totalled 2658, with Phil Corrado proving a rousing 591 triple. In actual pinnage the teams were only 17 pins apart.

Hutton's reeled off games of 972, 831 and 897, while Kozy had 943, 812 and 903. P. Corrado tossed games of 196, 190 and 205 for his high series.

A. Amato posted 204—551 to pace the winners, with Pete Nagy furnishing 234 and Norm Sande 207. Larry Weishaupt had 521 in the anchor slot.

Boulevards Drill

The Boulevard Gulf Station baseball club of the City Baseball League will work out this evening at Hasbrouck Park at 6:30 o'clock. Manager Bob Gulnick requests all players to attend.

Jack Farmer, a right hand pitcher with 12 years experience in organized ball, will manage the Stroudsburg club. Farmer pitched for Milwaukee in the American Association and Newark in the International. Managed Easton, Pa. in the Eastern Shore League in 1946.

Peekskill, operated by the New York Giants, won the North Atlantic playoffs in 1946. Why not transfer them to the Polo Grounds. They need a lot of help there.

Catholic Group Sets May 8 Date For Banquet

The annual banquet of the Catholic Athletic Association will be held at The Barn on Thursday, May 8. Secretary Leo Schupp announced today. The original date of May 6 was changed when it was learned that the Colonial Women and Emerick Ladies women's bowling leagues already had set that date.

Invitations have been sent several outstanding sports figures and it is expected that several will attend. A short speaking program has been arranged and prizes will be awarded to the winners of the various Catholic Athletic Association sponsored leagues.

The laids are invited and following the banquet there will be a program of entertainment and dancing offered by the management. Tickets can be purchased from members of the committee or the various organizations represented in the Association.

Chairman Tom Costello has called a special meeting for Thursday evening at 8:15 at the Knights of Columbus hall to complete arrangements for the banquet. President Andy Gilday requests that all captains and managers of this year's softball loop attend this meeting. The softball league will open as soon as the Recreation Department assigns the various parks. The softball league expects to operate with 12 teams.

Hasbroucks Meet

The Hasbrouck Avenue Grill softball squad will hold a meeting at the Grill Wednesday evening at 7:30. All candidates for the team are requested to attend.

With the start of the 1947 North Atlantic Baseball League season only two days away, Manager George Scherger is pushing his Kingston Dodgers hard in daily workouts at municipal stadium. Kingston opens the season in Bloomingdale on Thursday, May 1, will be idle Friday and then takes on Bloomingdale in the seasonal opener here on Saturday at 4 o'clock.

The Kingston inaugural will be preceded by a luncheon in honor of the squad at The Barn. The reception is open to the public and will feature the appearance of several members of the official Brooklyn Dodger family.

Manager Scherger said yesterday that he has just about decided on a starting lineup but would not announce it until Thursday. Four positions appear definitely clinched, with the skipper taking over second base; Tom Corrigan, of Tillson, behind the plate; Tom Seddon, pitching and Don Warfield at shortstop.

The strength of the Bloomingdale club is pretty much of an unknown quantity. The Jerseyites are managed by Harold "Butch" Scinski, who is a part owner of the club. In his playing days, Scinski served a stretch with the St. Louis Browns of the American League.

Gorsline in Fold

Kingston baseball fans were elated with the announcement that Robert "Red" Gorsline, lone Kingston player on the squad, has been transferred to the Dodger roster. Gorsline, originally tabbed for Cambridge of the Eastern Shore League, was purchased Saturday and will be ready to crash the starting lineup against Bloomingdale.

Area interest in the Dodgers surrounds three players—Gorsline, Corrigan and Joe Havens, of Poughkeepsie. Corrigan is a cinch for first string catcher, but Gorsline and Havens face stiff competition to crash the outfield.

A review of the background of various managers in the North Atlantic League reflects solid baseball experience for several of the pilots. The Nazareth, Pa. Tigers have a counterpart of Manager Scherger in John Mueller, 26-year-old outfielder, who makes his managerial debut with the Tigers.

Mueller, who figures to be one of the standout players in "Duke" Landgraf's circuit, was assigned to the managerial post by the Detroit Tigers. He batted .318 in the Kitty League in 1941, knocking in 101 runs. After batting .345 with Pittsburgh of the Canadian-American League in 1942, Mueller spent three years in service. He trained with the Detroit Tigers in 1946, was assigned to Williamsport of the Eastern League but was hampered by injuries all season.

City Twilight Baseball League Will Operate With Eleven Teams

Athletic Field Site for Games Starting May 11

Twilight baseball returns to the Athletic Field this season with an 11-team city circuit, with the first contest scheduled for Monday, May 11. It was voted by the league managers last night.

Rather than eliminate three of the eleven teams seeking franchises and operate with eight clubs, the managers balloted 7 to 4 to retain the 11 teams.

Warren Smith was unanimously re-elected president of the twilight circuit. Paul Irer was named secretary-scorer, while Jack Senior was elected treasurer, a position that was stored after a several years absence. Joe Tommaschio was retained as collector while a vice-president will be named at the next meeting.

The lineup of teams and representatives attending the meeting were:

League Roster
 Jones Dairy—George Zadany
 Boulevard Gulf Station—Bob Gulnick
 New York Central—William "Puckey" Davis
 Stables Bakery—Ralph Lucas
 Morgan's Restaurant—Bud Zoller
 Knights of Columbus—George Cragan
 Frank's Sport Shop—Frank Coher

Kaye Sportswear—Louis Guida
 Chas. Emil—Ed Allen
 Hoffman—John Battaglino
 West Shore—Bill Livingston

Meet Next Week

Final details on the seasons schedule and the league by-laws, salary scale and other incidents will be worked out at the next meeting set for Wednesday, May 7.

The league roster of 11 squads represents six new teams with five holdovers from last year. Jones Dairy, Morgan's Restaurant, Kaye Sportswear, Chas. Emil and West Shore. Kaye Sportswear operated as Jayrich in the 1946 season.

Final playing rosters will be submitted at the next meeting with each team limited to fifteen players. The schedule was discussed briefly but details were left up to a committee to be appointed later. The league will operate five nights weekly and in all probability its play one round and then a Shaughnessy playoff among the top four teams.

Reflecting the enthusiasm of the large number of players, managers and sponsors present, President Smith predicted a successful season at the Athletic Field if the various teams co-operated. He urged the team managers to make every effort to have their teams properly uniformed to observe starting schedules and to put forth the strongest lineup at all times.

How to Report Athletic Contests

Baseball or softball scores will not be published unless submitted to the sports editor on regulation boxscore forms. In the absence of a boxscore, the report must show the score by innings, batteries, and highlights of the game.

A supply of boxscore sheets is available at The Freeman sports department. All scores must be delivered to the downtown office of The Freeman before 9 a. m. the day following the game.

National League Home-Run Happy In Games to Date

By JOE REICHLER

Associated Press Sports Writer

Should the suddenly home run-conscious National League continue anywhere near its present pace, Ford Frick's loop will easily set a major league record for four-baggers in a single season.

Not since the early thirties has the senior circuit been so homer happy. In 41 games to date National League players have walked 69 for the distance a far better average than their record-breaking season of 1940 when 892 homers were hit. At this rate the old league should top a thousand when the campaign shuts its doors September 28.

In sharp contrast the American League for years regarded as the haven for heavy hitters owns only 39 round-trippers in as many games. Its best home run output was in 1940 when 883 were hammered.

With such a dearth of home runs in the American League, naturally the pitchers have had a holiday. Ten hurlers have held their opponents scoreless in the junior circuit with Cleveland's Bobby Feller and New York's Alie Reynolds boasting two shut outs apiece. National League pitchers on the other hand have twined only five games in which their opponents have failed to cross the plate.

Trout Not So Dizzy

In yesterday's only scheduled game in the big league, Detroit's Dizzy Trout, took the rapidly growing list of shutout flingers by blanking the Indians in Cleveland and 3-0. The Tiger right-hander retired the side in order in five of the nine innings, and drove in two of the three Bengal runs.

Froitt filled a pitch by Red Linburne, a home run in the third inning. His eighth inning single scored Pat Mullin with one of the two Tiger runs that time.

Following yesterday's rest for 14 of the 16 teams the majors start their first interseasonal tests today with the eastern teams in the National League host to their western rivals and the eastern ones in the American guests of the western clubs.

Good Turnouts

Both pros Alex Gerlak at Twalfskill and Tommy Danaher at Wiltyweck reported excellent turnouts for the week-end in spite of indifferent weather. The Wiltyweck sweeps attracted 32 entries while behind Dr. Van Gaasbeek at Wiltyweck were Al Schmid with 77, Lou Buhm, Arthur Davis, Bill Zwick and Gus Modjeska. The Wiltyweck swingers travel to Red Hook to open the inter-club season on May 11.

The official opening of the Twalfskill season will be observed with a dinner dance Saturday night at the club house.

Kaye Sportswear Rolls Poughkeepsie Stars

Kaye Sportswear legereettes seek their 16th victory of the season tonight, when they face Pat Hegnauer's All Stars at the Dutchess Recreation in Poughkeepsie. The Bridge City quintet is one of the strongest faced by Kayes this season and features Pat Hegnauer, who currently ranks fifth in the all-events department of the state women's tournament now in progress at Syracuse. The Kaye Sportswear squad will leave the Central Recs at 8 o'clock.

Donald Brush Keglers Blast 2490 in State

Kingston's first booster team ever to appear in New York State bowling tournament competition the Donald Brush keglers assured themselves of a cut in the prize melon with a 2490 series Saturday night in Syracuse.

The locals rolled games of 824, 897 and 769, with Chris Robinson's 524 setting the pace. Elwood Robinson shot 521 and Dick Howard provided 517 in the leadoff.

In the doubles competition, the Robinson brothers teamed for a 940 total, two pins more than Howard and Frank "Boots" Leskie.

Howard's 656 singles, of course, currently leads the Class A section of the tournament. None of the others fare so well, Leskie shooting 516, Chris Robinson 485, and Elwood Robinson 437.

City Baseball Managers Map Plans for 1947 Season

Officers of the City Baseball League surrounded by a group of enthusiastic managers, captains and players discussed plans for the 1947 campaign at a meeting held last night at Warren Smith's on Crown street. Mr. Smith, seated left, was re-elected president of the league. Paul Freer, center, was named secretary-official scorekeeper,

while Jake Senor, right, was named treasurer. Joe Tomasieskie, collector of the league, is on the extreme left. The City League voted to operate with 11 franchises. The opening game is set for Monday, May 12, at the Athletic Field. The league will play five games weekly. (Freeman Photo)

Area Artists Show Work in Albany Institute Exhibit

Several area artists are represented in the 12th annual exhibit of the Albany Institute of History and Art which will be previewed tonight and continue to June 1 at the institute building in Albany.

Exhibitors from this region include George Ault, Julia S. Leary, Anna B. Carolan and Eugenie McEvoy of Woodstock, Harvey Fite of High Woods, Mark Vukovic and Morris Klein, Saucier and Harry Lane of Catskill.

Ninety-seven works by 71 artists representing the upper Hudson river region are on display at the institute. The selections were made from more than 600 entries, the greatest number submitted to date.

Peyton Boswell, Jr., writer, critic and editor and publisher of The Art Digest, was the juror, under the system of a single advisory juror which has been in effect at the institute since 1941.

O'Dwyer Is Envisioned As Next State Leader

New York, April 29 (AP)—Roy F. Bush, chairman of the Monroe County Democratic Committee, predicts that Mayor William O'Dwyer "will be drafted for governor on the Democratic ticket in 1950 without doubt."

Bush's statement was released last night by Democratic state headquarters in announcing that the mayor would address western New York Democrats at a dinner meeting at Rochester May 13. Earlier, it had announced that O'Dwyer would be guest of honor at a \$100-a-plate testimonial dinner at the Commodore Hotel here May 26.

"His record as mayor of the greatest city in the world has made him a national figure," Bush said. "He will be invincible as our standard bearer three years from now."

Heck Says Bill Needed: Epstein Doubts Its Value

Schenectady, N. Y., April 29 (AP)—Assembly Speaker Oswald D. Heck, a Republican, contends that the Condon-Wadlin Law banning public employee strikes in New York was needed to prevent a "breakdown of government."

Former Solicitor General Henry Epstein, a Democrat, asserts the measure cannot prevent strikes, nor "create good morale" among government employees.

These divergent views were expressed in a Freedom Forum Debate at Union College last night on the record of the 1947 state Legislature.

Heck defended and Epstein attacked the Republican-controlled Legislature's actions in connection with local taxation, housing and the veterans' bonus among other major issues.

Heck said the Condon-Wadlin Law was necessary because a situation developed where otherwise "Civil Service workers could assume that the strike was tacitly

condoned as a legitimate bargaining weapon."

Heck said the state was faced with "the breakdown of government itself, because in the final analysis, our public employees and our elected officials are the lifeblood of our government."

"No government can sanction the means of its own destruction or permit its authority to be flaunted or challenged without becoming the victim or the vassal of the successful challenger," he added.

Epstein, asserting the law could not prevent strikes, said the state should have provided the means whereby employees could settle their grievances.

Passage of the measure, advocated by Governor Dewey, came shortly after a one-week strike by Buffalo public school teachers.

Workers Borrow "Wash"

Borrowing from other people's washing by laundry workers to ease their own clothing shortage has become a "practice," it was charged in Hull, England. Two girls charged with stealing clothing from a laundry said that employees regularly took dresses and other things from the "wash," used them and returned the next day. They were fined \$4.

Wallrath Is Still At Large, Orderly Feared in Danger

Death Sentence Imposed for Desertion Under Fire Had Been Commuted

San Francisco, April 29 (AP)—Frank R. Wallrath, former paratrooper from Long Island City, N. Y., who escaped Sunday from the psychopathic ward of the army's Letterman Hospital here, was still at large today.

Three others who escaped with Wallrath were captured Sunday night, all within 100 miles of San Francisco. Search for Wallrath broadened to Southern California.

Authorities expressed fears for Medical Corpsman Wallace Williams of Fort Worth, Tex., abducted as a hostage by the escaped, and still missing. Army officials, however, believed that Wallrath was not armed.

Wallrath, 24, served with the 11th Airborne Division and was court-martialed and sentenced to death in Japan for desertion under fire. President Truman commuted the sentence to life imprisonment and Wallrath had escaped twice previously.

In New York, Mrs. Elizabeth Wallrath, the paratrooper's mother, said "my heart is in my mouth, I'm so afraid he may harm some innocent person." The last word she had from her son, she said, had indicated he was recovering satisfactorily.

Army officials said Wallrath probably was not armed. The .45 caliber pistol the four escapees took from a guard they knocked unconscious was found, still loaded, in the hotel room occupied by Richie and Meiser.

The four escaped from the double-locked ward of Letterman Hospital about 2 a. m. Sunday after overpowering four orderlies.

Telephone Conference Scheduled to Continue

New York, April 29 (AP)—Representatives of the New York Telephone Company and striking employees were slated to meet again today in their deadlocked dispute.

At the conclusion of a similar session yesterday newsmen received only a terse "no comment."

Henry Mayer, counsel for 15 striking unions, said on his arrival from labor conferences in Minnesota that no settlement would be reached there unless the company offered a \$6 a week wage raise, and it appeared that wage pattern applied to New York workers also. Originally the strikers had demanded \$12 weekly.

Meanwhile, the New York Telephone Company announced that subscribers having non-dial telephones in the downstate area would not be charged for local service for the duration of the strike.

Although when bills are received they will be for the full amount, rebates will be forthcoming for the times the phones are inoperative, the company said.

Trial of Harris On Larceny Starts In County Court

Edward Harris, former employee of LaVerne Powell at Modena, went on trial in County Court Monday afternoon under an indictment charging grand larceny, second degree. A jury was selected and two witnesses were sworn before the afternoon session was recessed.

Harris, also known as Jackson, was employed on the Powell dairy farm from November 29, 1946 to December 22, when he left the farm and did not return, although Mr. Powell testified he had a contract with Harris to continue employment. On January 11 Mrs. Powell discovered a diamond ring, a sapphire ring and a watch missing from a bureau drawer on the second floor of the farmhouse. Harris while he was employed at the Powell place had a room on the second floor of the house. District Attorney Louis Bruhn charged in his opening to the jury that it would be shown, partly by circumstantial evidence, that Harris took the jewelry. At the time Harris started to work for Powell he told his employer he needed money to pay a board bill and \$12 was advanced. Later an additional sum was advanced and on December 14 Harris was given \$135 by Powell when he said he desired to purchase Christmas presents for his mother. At that time Powell drew up a contract of employment and both signed it. Powell testified the contract was now missing and said it disappeared about the time Harris left the farm.

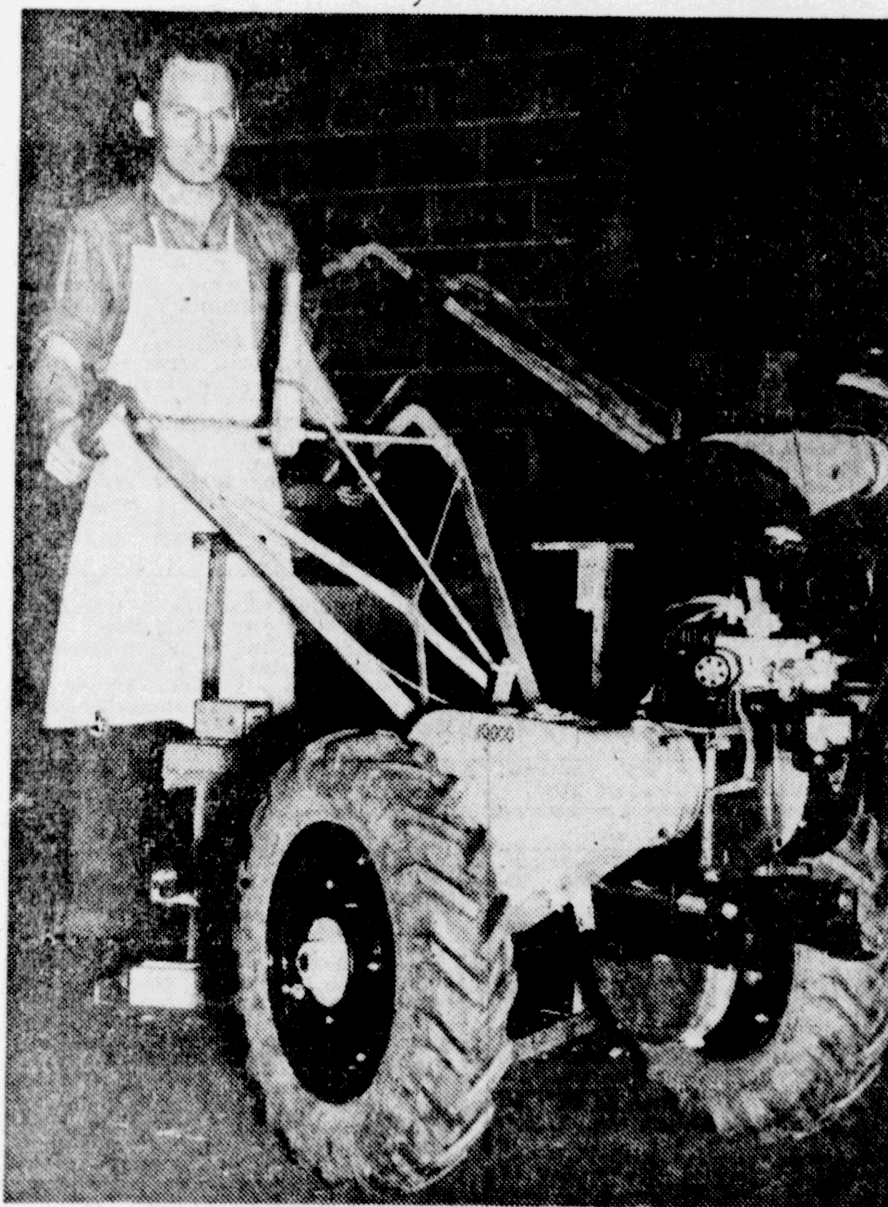

In addition to the charge of theft of the jewelry and watch, Harris was also charged before a justice of the peace on January 11 with obtaining the \$180 from Powell.

Edith Powell, wife, was the first witness called and she recited the employment of Harris. On November 29 Mr. Powell learned Harris, then at Jenkinstown, wanted a job and he was hired at \$40 a month and his board. She told of Harris leaving on December 22 and going to Newburgh. The jewelry was in the dresser drawer hidden under towels and she said Harris did not pass that room on his way to his bedroom. On December 14 she wore the diamond ring and did not miss it until January 11 after Harris had left. On December 19 she said she had been away from home for a time and that night Harris left the farm and went to the movies. He came back next day, saying he was ill and two days later went to Newburgh and failed to return. Mrs. Powell said there were no visitors at the farm from December 14 until after January 11 when the loss was discovered. She also testified that Mr. Powell had not employed any other Negro on his farm.

When Mr. Powell was cross-examined he said he had employed a colored man in January just prior to January 11 when Harris was charged with the theft of the jewelry. Charles Gaffney, counsel for defendant, told the jurors that there was a discrepancy in dates and intimated that there might be confusion as to the identity of the men employed by Powell. The colored man hired in January was known to Harris and they had resided together in Jenkinstown prior to Harris's employment by the Powell family in November.

The case will be continued. The case of The People vs. Allan Drake, charged with forgery, second degree, involving a check given to a local firm, was adjourned until Wednesday. Drake allegedly gave a bad check in payment for merchandise and received money in addition. Harry Gold appears by assignment.

Eastern's 10,000th Tractor

Production at the Eastern Tractor Manufacturing Company on St. James street has reached important numbers, the management announced this week after number 10,000 was turned out at the plant. Richard Donnelly is shown with the history-making unit after it was assembled. Production started at the local factory in the fall of 1945. Number 10,000 was completed last week and turned over to Walter Adams, sales manager by J. F. Carroll, works manager, for delivery. The tractor went out with special ceremony from the assembly building. The management reports that the plant is currently making and shipping between 400 and 450 units a week, exclusive of tractors shipped to the Western Division at Olympia, Wash. The corporation now employs about 85 local workers and the production schedule has been stepped up for 1947. A production goal of 15,000 tractors has been set for the year, and it is expected to be reached, if materials are available through the year. (Photo, Milton Wagenjohn)

Eastern's 10,000th Tractor

Production at the Eastern Tractor Manufacturing Company on St. James street has reached important numbers, the management announced this week after number 10,000 was turned out at the plant. Richard Donnelly is shown with the history-making unit after it was assembled. Production started at the local factory in the fall of 1945. Number 10,000 was completed last week and turned over to Walter Adams, sales manager by J. F. Carroll, works manager, for delivery. The tractor went out with special ceremony from the assembly building. The management reports that the plant is currently making and shipping between 400 and 450 units a week, exclusive of tractors shipped to the Western Division at Olympia, Wash. The corporation now employs about 85 local workers and the production schedule has been stepped up for 1947. A production goal of 15,000 tractors has been set for the year, and it is expected to be reached, if materials are available through the year. (Photo, Milton Wagenfahr)

New Note in Driving Ease

"Just forget the clutch and gear. All you do is sit and steer!"... You've probably heard these words on the radio — in the modern, up-to-the-minute version of "Merry Oldsmobile" inspired by GM Hydra-Matic Drive. For Hydra-Matic is the only drive that eliminates the clutch pedal completely — and shifts gears automatically through four forward speeds!... Visit your Oldsmobile dealer and see for yourself why people say, "It's SMART to Own an Olds!"

On the airwaves . . . or highways . . . it's a "Merry Oldsmobile" year. Folks everywhere are singing this grand old song — and singing the praises of the smart new Oldsmobile car! The car with the smooth-as-a-melody styling — and the rhythmic, coil spring ride. The car that's as far ahead as next year's popular tunes — thanks to GM Hydra-Matic Drive*.

Hendricks Says Laraine Paid Him \$10,500 in Winter

Los Angeles, April 29 (AP)—Airport Executive J. Ray Hendricks says Laraine Day paid him \$10,500 and turned over a 1939 automobile shortly before he agreed not to contest her California divorce suit against him last January.

His testimony was in a hearing on an order to show cause why the actress' decree should not be set aside on grounds of collusion and fraud.

Bernard M. Silbert, lawyer who prepared the divorce action, said Hendricks might have gotten more in the settlement except that Laraine's assets were reckoned at \$35,733.79, although she makes three movies a year at a minimum of \$100,000 each.

Silbert told Superior Judge Ingall W. Bull that Miss Day's Santa Monica home, purchased for \$30,000, was valued at \$100,000 on

today's market by Hendricks' lawyer, Walter N. Anderson. A compromise estimate, he said, placed it at \$60,000 and in figuring community property value under California law, it was agreed that her \$10,000 down payment and \$20,000 loan should be deducted from the \$60,000.

Hendricks told the court that he was given the money and car just before Miss Day flew to Mexico, Mexico, obtained a Mexican decree, and then crossed to El Paso and married Leo Durocher, suspended Brooklyn baseball manager. The settlement, it developed, provided for his waiver of interest in a 1946 auto, an annuity policy, the Santa Monica home and its furniture, another Santa Monica real estate holding, Miss Day's movie and radio earnings, and all cash and community property, tangible or intangible.

The hearing continued today.

Mrs. Truman Sits Up

Grandview, Mo., April 29 (AP)—Mrs. Martha E. Truman, 94, mother of President Truman, spent about six hours in a wheelchair yesterday, the first time she

has been up since her right hip was fractured in a fall February 13 at her Grandview home. Miss Mary Jane Truman, the President's sister, said their mother was tired, but was feeling well and was in good spirits.

Hendricks Says Laraine Paid Him \$10,500 in Winter

Los Angeles, April 29 (AP)—Air-Port Executive J. Ray Hendricks says Laraine Day paid him \$10,500 and turned over a 1939 automobile shortly before he agreed not to contest her California divorce suit against him last January.

His testimony was in a hearing on an order to show cause why the actress' decree should not be set aside on grounds of collusion and fraud.

Bernard M. Silbert, lawyer who prepared the divorce action, said Hendricks might have gotten more in the settlement except that Laraine's assets were reckoned at \$35,733.79, although she makes three movies a year at a minimum of \$100,000 each.

Silbert told Superior Judge T. W. Bull that Miss Day's Santa Monica home, purchased for \$30,000, was valued at \$100,000 on

today's market by Hendricks' lawyer, Walter N. Anderson. A compromise estimate, he said, placed it at \$60,000 and in figuring community property value under California law, it was agreed that her \$10,000 down payment and \$20,000 loan should be deducted from the \$60,000.

Hendricks told the court that he was given the money and car just before Miss Day flew to Juarez, Mexico, obtained a Mexican decree, and then crossed to El Paso and married Leo Durocher, suspended Brooklyn baseball manager. The settlement, it developed, provided for his waiver of interest in a 1945 auto, an annuity policy, the Santa Monica home and its furniture, another Santa Monica real estate holding, Miss Day's movie and radio earnings, and all cash and community property, tangible or intangible.

The hearing continued today.

Mrs. Truman Sits Up
Grandview, Mo., April 29 (AP)—Mrs. Martha E. Truman, 94, mother of President Truman, spent about six hours in a wheel chair yesterday, the first time she has been up since her right leg was fractured in a fall February 13 at her Grandview home. Mrs. Mary Jane Truman, the President's sister, said their mother was tired, but was feeling well and was in good spirits.
